Dear Sir:

Thanks for your letter of yesterday. I know all about Easter Vacations, though I never get one myself. so was not worrying about the photo. — but the photo has not arrived yet! Is it on the way? It will probably arrive Monday.

Please do come to my studio and see the portrait of W. Airey if you are coming to town later in the month but either drop me a line to tell me when you are coming or telephone me when you get to town.

I was half expecting W. Airey and his daughter might come in to see the portrait on Thursday (May 4th) but they did not do so and I was leaving the final touches until they had seen it. but I will do them at once now and have it photo'd as soon as possible. I am unfortunately very very busy this next week but I think I can fit it in somehow. If I can you could have the photo by about the end of the week. Would that do? Thanks for the additional dimensions

Yours Sincerely
Howard Gommerville
