Dear Sir.

Thanks for your letter of March 2^d.

Dr Airey's suggestions of times are excellent and I shall be glad to have the date of his first-visit as soon as he can fix it. I would also like to know if Dr Airey wishes to be painted in one of his "sowas" as is usual in scholastic portraits or how he and the college would like to have it.

Yours Sincerely

Edward Somerville

P.S. I don't know where Dr Airey will be staying in town but in case this information is of use to him you can tell him that this place is quite close to Gloucester Road Underground Station.
