

# LEEDS POLYTECHNIC

## SCHOOL PUBLICITY LEAFLET

CARNEGIE SCHOOL OF PHYSICAL EDUCATION  
and HUMAN MOVEMENT STUDIES

c. 1980

## WHAT IS CARNEGIE?

Carnegie, one of eighteen schools which constitute Leeds Polytechnic is situated in Headingley, three miles from the centre of the city, on the Beckett Park estate which includes 100 acres of woodland and open parkland adjacent to the beautiful and varied scenery of the Yorkshire Dales and Pennine Moors.

Carnegie founded in 1933 as the first mens' specialist physical education training college in England is one of the premier institutions in the country offering courses for men and women students in physical education, human movement studies, leisure and recreation studies, sports coaching studies, together with research and consultancy services, student and staff exchange programmes and a sport and recreation service for the Polytechnic.

## WHAT IS LEEDS POLYTECHNIC?

Leeds is one of thirty polytechnics in England and Wales which were designated in 1966 to complement universities by embracing the following characteristics:—

Comprehensive institutions — in range and character, providing full time sandwich and part-time courses at sub-degree, degree and higher degree levels.

Close links with industry, business and the professions.

A local and regional service within a national and international setting.

Leeds Polytechnic was founded in 1970 with the amalgamation of the existing colleges of Art, Commerce, Education, Home Economics and Technology; the institution was further extended in 1976 with a merger with the City of Leeds and Carnegie and the James Graham Colleges of Education.

Leeds Polytechnic has 3,400 full time students, 1,500 sandwich students, 3,000 part time day and 2,000 evening students and with an academic staff of 730 provides an impressive range of courses.

Leeds Polytechnic is located on three sites:—

**Central Site** to the north of the city which accommodates central administration, main library, main student union facilities and the following Schools and Units:—

- Accountancy and Applied Economics
- Architecture and Landscape
- Creative Arts and Design
- Constructional Studies
- Electrical Engineering
- Health and Applied Sciences
- Hospitality Management and Home Economics
- Humanities and Contemporary Studies
- Law
- Management and Business Studies
- Mathematics and Computing
- Mechanical and Production Engineering
- Planning and Environmental Studies
- Social Studies
- Educational Technology Unit
- Computer Unit

**Beckett Park Site** situated three miles from the city centre which accommodates student residences, library, student union, sport and recreation facilities and the following schools and units:—

- Carnegie School of Physical Education and Human Movement Studies
- School of Education
- School of International Studies
- School of Librarianship
- Computer Unit and Regional Computer Centre

**Farnley Site** which houses the Intensive Short Course Unit and Modern Languages Teaching Centre.

## HOW MUCH TIME IS SPENT ON PRACTICAL WORK?

It is Carnegie policy to integrate theory and practice on all courses; practical work within the contexts of aquatics, athletics, dance, games, gymnastics and outdoor activities forms a significant element of the programme.

Commitment to sport and physical activity is a prerequisite for entry on all physical education and human movement courses. The student's personal physical fitness and training is monitored at regular intervals.

## WHAT OPPORTUNITIES ARE THERE FOR PARTICIPATION, TRAINING, COACHING AND COMPETITION IN PHYSICAL ACTIVITY AND SPORT?

The polytechnic's sport and recreation programme provides opportunities for participation at three levels:—

- Level I — Informal, beginner, sport and recreation classes
- Level II — Organised intra-mural sport
- Level III — Inter-institutional sport.

The polytechnic has more than 30 sports clubs and have won the British Polytechnics Championships in Athletics, Association Football, Canoeing, Cricket, Cross Country, Rifle Shooting, Rugby Union, Table Tennis, Trampolining, Volleyball.

Outstanding performers are selected to represent British Polytechnics and the British Students Sport Federation in international student sports competitions.

The polytechnic's facilities provide first class training accommodation for athletics, basketball, cricket, football, gymnastics, hockey, rugby union, trampolining and volleyball.

Leeds Centre of Excellence and advanced training squads provide first class training and coaching opportunities in athletics, canoeing, cricket, gymnastics, judo, swimming, table tennis and volleyball.

## CAN INTERNATIONAL STANDARD SPORTS PERFORMERS BE PROVIDED WITH SPECIAL TRAINING AND STUDY ARRANGEMENTS?

Every consideration is given to adjusting, modifying and/or extending study programmes to facilitate training and coaching in preparation for international sports events such as the Olympic Games and World Championships.

## IS RESIDENTIAL ACCOMMODATION AVAILABLE?

More than 700 residential places are available to students in the polytechnic. Preference is given to first year students and students with special cases including those with outstanding sports ability who require daily access to training facilities.

Many students elect to live "off campus" in the many lodgings and flats available in the Headingley area.

Further details are available from the Accommodation Officer, Leeds Polytechnic, Calverley Street, Leeds LS1 3HE. Telephone Leeds (0532) 462921.

## WHAT ABOUT GRANT ASSISTANCE?

Authorities may offer assistance towards the cost of maintenance and fees to students who are ordinarily resident in the area of the authority concerned. In the case of Leeds students, further information may be obtained from the Department of Education (Awards) Merrion House, 6th Floor West, Selectapost 17, Leeds LS2 8DT.

Studies leading to a degree or other designated qualification normally entitle students to mandatory awards and authorities have discretionary power to make grants for other courses. The value of any award generally depends on parental income but certain students qualify for independent status.

Intending students are advised to apply for grants at an early date, and not to wait for summer examination results or until they receive a firm offer of a place on the course for which they have applied.

## HOW DO I APPLY FOR A COURSE?

There is considerable competition for places on all courses at Carnegie. Therefore applications must be submitted early — in September or October prior to the proposed year of entry.

Write for details of specific courses and entry qualifications on the enclosed postcard.

## LEGIE?

teen schools which constitute Leeds Polytechnic is situated in Headingley, three miles from the city, on the Beckett Park estate which includes 100 acres of woodland and open parkland offering a wide and varied scenery of the Yorkshire Dales and Pennine Moors.

Since 1933 as the first mens' specialist physical education training college in England is one of the best in the country offering courses for men and women students in physical education, human geography, leisure and recreation studies, sports coaching studies, together with research and development, student and staff exchange programmes and a sport and recreation service for the community.

Outdoor activities undertaken locally and in the Dales with opportunities for canoeing, sailing, orienteering, ski-ing, gliding and rock climbing.

## WHAT COURSES ARE AVAILABLE AT CARNEGIE?

Carnegie has 24 well qualified, experienced academic staff, supported by teaching expertise from other schools in the polytechnic, nationally recognised specialists in the various sports and offers the following courses.

### Full time courses

#### 3 year Bachelor of Arts (Honours) degree in Human Movement Studies

The course focuses upon a disciplinary approach to the study of human physical activities and brings relevant concepts from Philosophy, History, Psychology, Sociology, Physiology and Biomechanics to bear upon Games, Dance, Gymnastics, Aquatics, Athletics and Outdoor Pursuits.

In Years 2 and 3 students may select appropriate Physical Activities and Disciplines for further study. Linking Studies and a Project provide an opportunity for integrated and in-depth study of approved topics.

The course demands a combined commitment to physical activity and intellectual study.

#### 3 year Bachelor of Arts (Honours) degree in Leisure Studies: Recreation and the Environment

This course, is designed for students whose interests are in outdoor recreation and sport and in the human and natural processes in the environment and will appeal to those who have an academic interest, or seek a career outlet, in the leisure field. Areas of study include: Sport and Outdoor Recreation; Recreation Resources and the Environment; and Leisure and Society.

In the final year students will be required to take three compulsory components: Activity Analysis and Appraisal; Recreation Policy and Organisation; Recreation and Social Policy. Additionally two components have to be selected from the following options: Countryside Recreation; Water Recreation; Urban Recreation; Therapeutic Recreation; and Environmental Education and Leisure Counselling.

### 1 year Diploma in Physical Education for Serving Teachers in U.K.

### 1 year Diploma in Physical Education for Serving Teachers from Overseas

### 1 term Certificate in Physical Education for Serving Teachers

These D.E.S. recognised courses are for qualified teachers who wish to acquire specialised knowledge, skills and abilities to teach and administer physical education and sport in schools and the community.

The courses are designed to integrate theory with practice, and the three components of study are:—

Foundation Studies embracing selected Physiological, Psychological and Sociological Studies of sport and physical education.

Curriculum and Professional Studies — college and school based projects and teaching.

Contextual Studies — Athletics, Aquatics, Dance, Games, Gymnastics and Outdoor Activities.

### Business Education Council (B.E.C.) Certificate and Diploma

This course is available for candidates with one A level and is offered on a full time or part time basis and embraces business studies with option modules in sport and recreation.

### Full time courses in association with the School of Education —

incorporating qualified teacher status and specialist physical education teacher recognition.

#### 3 year Bachelor of Education Degree — majoring in Physical Education

#### 4 year Bachelor of Education Degree with Honours — majoring in Physical Education

The first year foundation course is taught in conjunction with the B.A.(Hons) Human Movement Studies and includes a disciplinary approach to the study of human physical activities with relevant concepts from Philosophy, History, Psychology, Sociology, Physiology and Biomechanics related to Games, Gymnastics, Dance, Athletics, Aquatics and Outdoor Pursuits.

Years 2 and 3 — the study of Physical Education is continued together with a Professional/Workshop course and Educational Studies.

Year 4 — continued study of Physical Education, is continued together with a Professional/Workshop and Educational Studies option.

#### 1 year Post Graduate Certificate in Education — majoring in Physical Education

This course is available to students with a first degree in the cognate area (Sports Studies/Sports Science/Movement Studies) which must incorporate a significant study of those activities that constitute the school physical education curriculum. The course programme develops through three phases integrating Physical Education and Education Studies with Professional Studies and Teaching practice.

### Part time and intensive short courses

Master of Philosophy Degree by research

Sports Coaching Certificate and Diploma courses

Physical Education in-service units of study for primary, middle and secondary teachers.
